

**Michigan Institute for Plasma Science and Engineering
Fall 2015 Seminar Series**

<i>Date, Time, Location</i>	<i>Speaker</i>	<i>Title</i>
Wednesday 16 September 2015 3:30 - 4:30 pm 1005 EECS	Prof. Uri Shumlak University of Washington	Compact Approach to Fusion Energy with the Sheared Flow Stabilized Z-Pinch
Wednesday 30 September 2015 3:30 - 4:30 pm 1005 EECS	Prof. Sergey Macheret Purdue University	Microplasmas for Reconfigurable Radio- Frequency Electronics
Wednesday 7 October 2015 3:30 - 4:30 pm 1005 EECS	Dr. Edmund Synakowski U.S. Department of Energy	Leading Challenges and the Role of Transformation in the Fusion and Plasma Sciences
Wednesday 9 December 2015 3:30 - 4:30 pm 1005 EECS	Prof. Lyon (Brad) King Michigan Technological University	Plasma in a Bottle: The Strange Dynamics of Superparamagnetic Ionic Liquids
