Department of Physics

## Theoretical-Computational Postdoctoral Research Position

In anticipation of funding, the Department of Physics at Auburn University is seeking a qualified individual for a postdoctoral position in theoretical - computational fusion plasma physics. The postdoctoral researcher will be employed by Auburn University and will be involved in one or all of the following tasks: i) the development and application of the three dimensional equilibrium reconstruction code V3FIT, ii) MHD simulations of stellarator plasmas, iii) general theoretical support for the Compact Toroidal Hybrid (CTH) experiment at Auburn.

Interested candidates should contact Dr. James Hanson ([hanson@physics.auburn.edu](mailto:hanson@physics.auburn.edu)). He will be here at the APS-DPP meeting through the morning of Wednesday, 25 October.

*Auburn University is an affirmative action, equal opportunity employer. Minorities and women are encouraged to apply.*
