

Faculty Position in Experimental Plasma Physics

University of Wisconsin–Madison
Department of Physics

WISCONSIN

The Department of Physics at the University of Wisconsin–Madison invites applications for a faculty position in experimental plasma physics beginning August, 2012. The search will be directed at the assistant professor level. Candidates with interests in magnetically confined plasmas, high energy density plasmas, laboratory astrophysics, or low temperature plasmas are encouraged to apply. The successful candidate will be expected to develop a strong, independent, high-impact research program that enhances or complements existing plasma research efforts in the Department. Classroom and individual instruction and supervision of graduate and undergraduate thesis research are required, as are service duties.

Apply with a CV, publications list, research statement, teaching statement, and at least 3 letters of reference at:
<https://www.physics.wisc.edu/apply/plasma-2011/>
(Paper Submissions are strongly discouraged.)

To ensure consideration please submit application materials by December 31, 2011. Please email info@physics.wisc.edu to see if applications are still being accepted after the deadline.

The University of Wisconsin–Madison is an equal opportunity/affirmative action employer, and especially encourages women and underrepresented minorities to apply. Unless confidentiality is requested in writing, information regarding the applicants must be released upon request. Finalists cannot be guaranteed confidentiality. A criminal background check may be required prior to employment.

For further information email info@physics.wisc.edu or contact Professor Cary Forest (cbforest@wisc.edu). University of Wisconsin–Madison Position Vacancy Listing PVL# 71961.
