

THE UNIVERSITY  
*of*  
**WISCONSIN**  
MADISON

## ***Faculty Position in*** **Experimental Fusion and Plasma Sciences**

*in the Department of Engineering Physics  
College of Engineering*

The Department of Engineering Physics at the University of Wisconsin-Madison invites applications for a faculty position in experimental fusion and plasma sciences beginning August, 2012. The search will be directed at all tenure-track levels - assistant professor, associate professor, or professor - depending on the applicant's qualifications. Candidates with interests in fusion science, magnetically confined plasmas, high energy density plasmas, and/or related low temperature plasmas are encouraged to apply. The successful candidate will be expected to develop a strong, independent, high-impact research program that enhances or complements existing plasma/fusion research efforts in the Department. The candidate will be expected to perform instruction, scholarly research, and service duties. Classroom and individual instruction and supervision of graduate thesis research are required.
