The Semiconductor Research Corporation (SRC) announces the competition for the Graduate Fellowship Program (GFP) and Master’s Scholarship Program (MSP) for the 2014-2015 academic year.

These prestigious awards provide full tuition and fees. Students will also be awarded a monthly stipend of $2,462 beginning fall 2014. The SRC Graduate Fellowship Program supports doctoral students for up to five years; the Master’s Scholarship Program provides support for up to two years.

**SRC Graduate Fellowships for Doctoral Students**

**CRITERIA:**
- Open to students who are or will be pursuing a PhD degree under the guidance of an SRC Global Research Collaboration (GRC) faculty advisor and GRC research contract
- US citizens or permanent resident status
- Qualified students must have at least two years to completion of the PhD
- A limited number of fellowships may be awarded for one year to promising students just beginning graduate studies, but not having a clear GRC contract connection (e.g., students in the Undergraduate Research Opportunities program). If these students are able to connect to a GRC contract within the year, the fellowship will continue

**SRC Master’s Scholarships**

**CRITERIA:**
- US citizens or permanent resident status
- Women and members of underrepresented minority categories are encouraged to apply
- Open to students who are or who will be pursuing a Master’s degree under a GRC research contract

**APPLICATION INFORMATION**

To apply and for application information visit www.src.org/student-center/fellowship/

Only competed application materials submitted as an e-mail attachment to apply@src.org by midnight E.T. on February 3, 2014 will be accepted.

Awards will be announced by April 2, 2014

For further information, please contact SRC Student Relations: (919) 941-9400 or apply@src.org
EMPOWERING TOMORROW’S LEADERS IN TECHNOLOGY

GRADUATE FELLOWSHIP PROGRAM (GFP) / CRITERIA:

- Open to students who are or will be pursuing a PhD degree under the guidance of an SRC Global Research Collaboration (GRC) faculty member and GRC funded research contract
- US citizens or permanent resident (green card), refugee, or political asylum status in the U.S.
- Qualified students must have at least two years to completion of the PhD
- A limited number of fellowships may be awarded for one year to promising students just beginning graduate studies, but not having a clear GRC contract connection (e.g., students in the Undergraduate Research Opportunities program). If these students are able to connect to a GRC contract within the year, the fellowship will continue.
- Candidates will be considered for the award of a GRC Fellowship based on merit and without regard to race, color, religion, national origin, sex, or age.

Fellowship tenure is for up to five (5) years and begins with the fall term of the 2014-2015 academic year.

MASTER'S SCHOLARSHIP PROGRAM (MSP) / CRITERIA:

- US citizens or permanent resident status
- Women and members of underrepresented minority categories are encouraged to apply
- Open to students who are or who will be pursuing a Master’s degree under a GRC research contract and under the direction of GRC-designated faculty

Scholarship tenure is for up to two (2) years and begins with the fall term of the 2014-2015 academic year.

APPLICATION & DEADLINE: Application forms are available on the SRC website at www.src.org/student-center/fellowship in Word format. To be considered for a SRC Graduate Fellowship or Scholarship, each candidate must submit a complete application.

Deadline for Application: It is the candidate's responsibility to ensure that all required materials for a complete application, including official transcripts and GRE test results, are sent to the address below. Materials must be received at SRC by close of business on February 3, 2014.

A complete application includes the following:

- Personal Information Form (submitted electronically from the applicant’s e-mail address.
  - Section III: Proposed Course of Study may be completed with anticipated information for students beginning graduate study, but should be marked as “anticipated.”
- One Advisor Reference Report Form from a faculty investigator who is actively engaged in SRC-funded research and will act as the student’s Faculty Advisor (submitted electronically directly from the advisor).
- Two additional Reference Report Forms completed by scientists, engineers, or faculty members who have recent or current knowledge of the applicant’s academic accomplishments and professional or research experience (submitted electronically directly from the reference).
- Official transcripts of all accredited baccalaureate and graduate work completed, including the first semester or quarter of the current academic year, sent directly to SRC from the college or university registrar. It is advisable to order transcripts immediately upon a decision to apply to allow academic institutions adequate time to process requests before the application deadline.
- The Graduate Record Examination (GRE) is required for all eligible candidates for the Graduate Fellowship Program (SRC Institution Code 2800).
SRC Research Universities: SRC Fellowships for 2014-2015 are tenable only at U.S. institutions of higher education having research contracts with the Semiconductor Research Corporation and only for graduate research in conjunction with SRC-funded projects. Candidates must have applied for or been accepted in such a graduate program (MS or PhD as is appropriate) at the time this application is submitted. SRC research universities and names of faculty who are directors or principal investigators for GRC projects are listed on the SRC website at http://www.src.org/program/grc/university/roster/.

Privacy Assurance: The information provided for a candidate's complete application will be used solely for selecting SRC Graduate Fellows/Scholars and will be disclosed only to members of the selection panel formed for this purpose or to those officials responsible for the administration of the GFP/MSP. Aggregated data based on application materials may be used in management reports designed to evaluate the direction and progress of the program as a whole. Identification of specific data from individual applications will be avoided.

Number of Awards and Notification of Fellowship Application Decisions: A limited number of SRC Fellowships & Scholarships will be awarded for 2014-2015. All eligible candidates who have submitted a complete application will be notified by the email address of record, unless otherwise requested, of the action resulting from the Graduate Fellowship/Scholarship Program review process. Notification will be made no later than April 2, 2012. SRC reserves the right not to award fellowships or scholarships if applications of sufficiently high quality are not received.

Application to this program does not obligate a candidate to accept the award of an SRC Fellowship/Scholarship if selected. Prior to a candidate's agreement to enter into this program, SRC will supply complete details regarding the terms of the award. A reference copy of the GFP/MSP Agreement is available with other application materials on the SRC website at http://www.src.org/student-center/fellowship/.

General information about SRC may be found on the SRC web site at www.src.org.
