- Mechanical Technician

A full description of each available position and further details about how to apply can be found on the careers section of our website: [www.firstlightfusion.com/opportunities-available](http://www.firstlightfusion.com/opportunities-available).

First Light Fusion Ltd is a lean, focused and agile corporation researching energy generation by inertial confinement fusion. The company was spun out from the University of Oxford in June 2011 and is based near Oxford. First Light continues to work closely with the academic community, both in the UK and internationally. The company is well-funded by both institutional investors and private individuals.
